Casework Form | Congressman Alan Grayson, Representing the 8th District of Florida

Page 1 of 2

Office of Congressman Alan Grayson
Constituent Consent and Information Form

Agency involved: GOAA / OIA
Numbers Identifying Case (VA claim, Alien number, tax ID, etc.): N/A

Name: MARC BIGOT

Date of Birth: 10/10/1968
Social Security #: [REDACTED]
Street Address: 9363 Leland Dr
City, State, Zip Code: Orlando, FL 32827
Telephone #: 407-356-9170

I, MARC BIGOT, authorize the GOAA / OIA to release personal information to Congressman Alan Grayson United States Representative. I authorize Congressman Alan Grayson to request and have access to all records and reports pertinent to my request for his assistance in the following matter:

Nature of Problem: The residents of Lake Nona are having difficulties working with GOAA regarding the near future expansion of OIA that will basically level all of the property East of runway 4 up to Narcoossee road. The residents are concerned about various issues such as noise encroachment; water runoff (both from a flooding perspective and the quality of the water that will run off); sound buffers and property values if the project is not done correctly. Some of the concerns are the water runoffs into Lake Nona and surrounding bodies of water. The land that is to be leveled and made into a large cement parking lot for airplanes is currently cow pasture which means that the water runoff will contain high levels of nitrates and other elements due to the existence of cows in the area. Also, we are concerned with what will happen to all the animals that are living there, be it endangered or not. Currently we are not getting any support from anyone and we feel that GOAA knows that we are limited in experience and what we can do to fight them. We need help in making sure that all the testing, development, etc are being done right and to standard. We also want to see if we can get some better barriers to protect us, and the local elementary school, from the sounds of the jets that will now be so close to the school compared to where they are now. Also, according to the proposed plans by GOAA, the jets will be so close to Narcoossee road that this may be a national security issue with these aircrafts being so close to the local roadway with no barriers to prevent projectiles or other items from being targeted at the aircrafts. Please let us know what you can do to intervene and help the residents voice get heard. Your help is greatly appreciated.

PLEASE NOTE: The Privacy Act of 1974 requires that Members of Congress or their staff have written authorization before they can obtain information about an individual's case. We must have your signature to proceed with a casework inquiry.

Signature: Marc Bigot

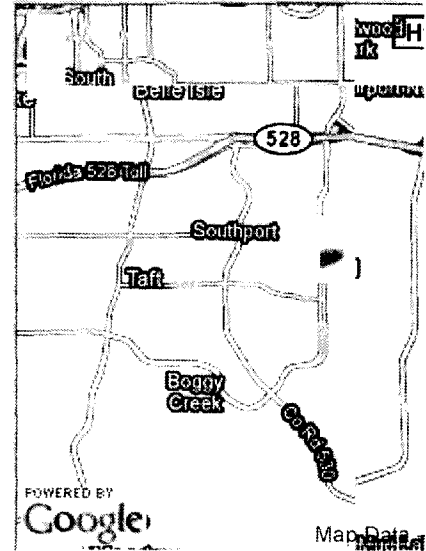

Date: 10-22-2009
