

It's more than just a roof and we're more
than just a roofing company.

Introducing Tecta America – Roofing Redefined

TECTA AMERICA CENTRAL FLORIDA

PRESENTS:
TRANSFORMING YOUR BUILDINGS FOOTPRINT

DAN COZART – ENVIRONMENTAL SOLUTIONS BUSINESS DEVELOPMENT
GEOFF HAGAN – ENVIRONMENTAL SOLUTIONS DIVISION MANAGER

TRANSFORMING YOUR BUILDINGS FOOTPRINT

Can your building be transformed to produce the kind of efficiency that manages storm water, heats domestic water, reduces cooling loads, improves indoor air quality, and produces electricity?

If so, how would that impact your organization, community and the environment?

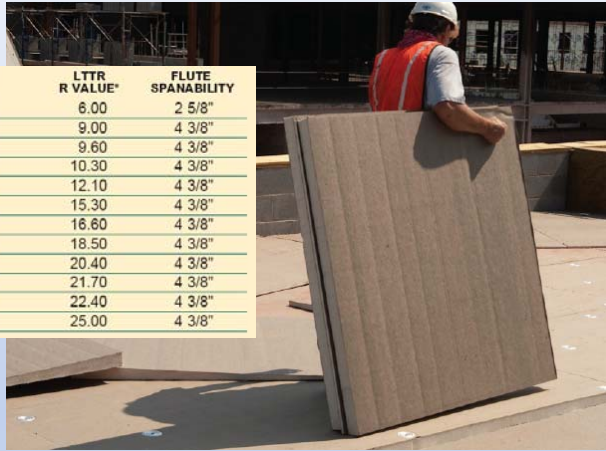

KEY COMPONENTS

- ECO-MATERIALS
 - DAYLIGHTING
 - VEGETATIVE
 - SOLAR

ECO-MATERIALS

Insulated

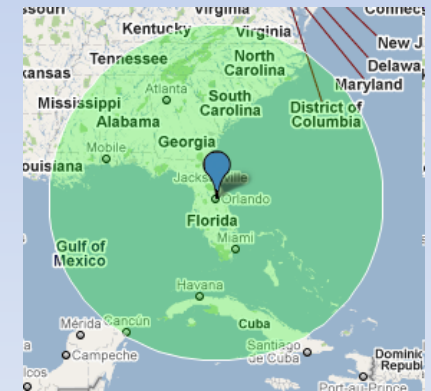

THICKNESS (INCHES) (MM)	L TTR	R VALUE*	FLUTE SPANABILITY
1.00 25		6.00	2 5/8"
1.50 38		9.00	4 3/8"
1.60 41		9.60	4 3/8"
1.70 43		10.30	4 3/8"
2.00 51		12.10	4 3/8"
2.50 64		15.30	4 3/8"
2.70 69		16.60	4 3/8"
3.00 76		18.50	4 3/8"
3.30 84		20.40	4 3/8"
3.50 89		21.70	4 3/8"
3.60 91		22.40	4 3/8"
4.00 102		25.00	4 3/8"

Reflective

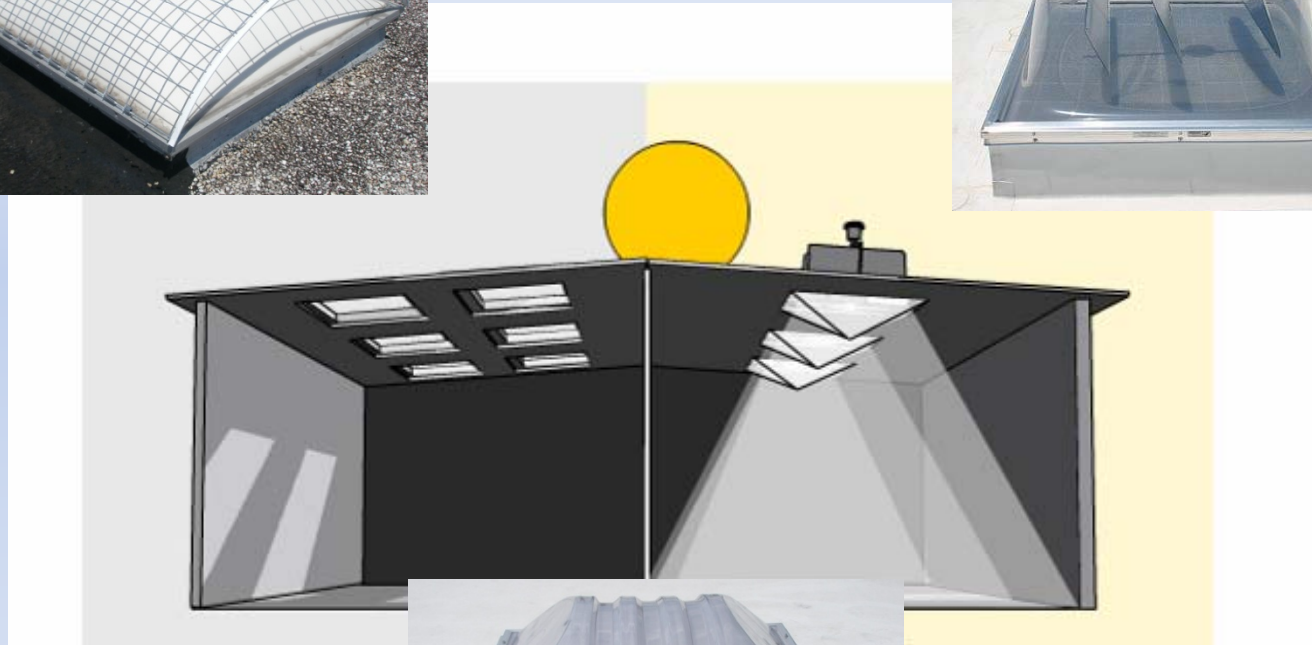

Recyclable/Reusable

Regional

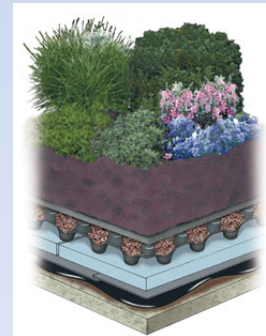

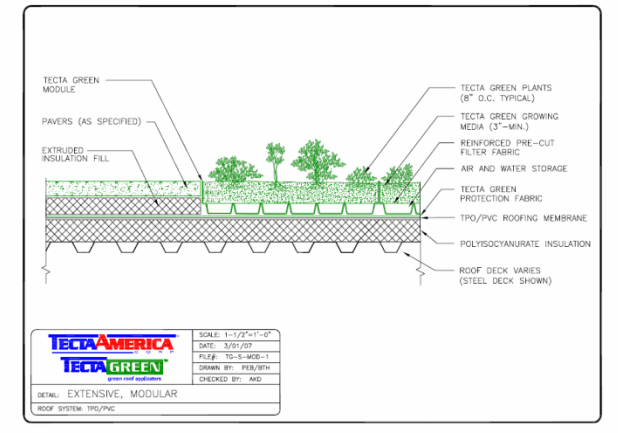

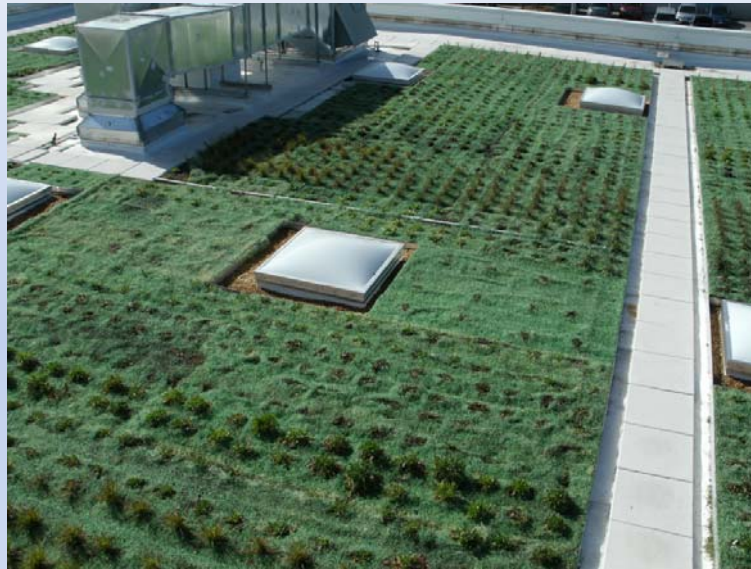

DAYLIGHTING

Reduce Heat Transfer &
Improve Light Quality

VEGETATIVE

Manage & Treat Storm Water

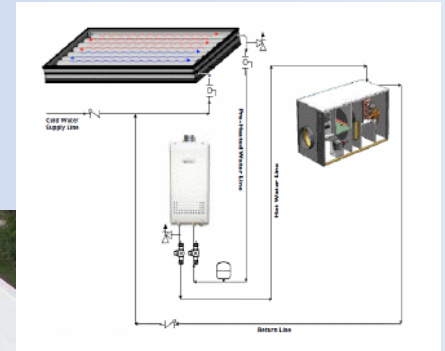

Reduce Heat Loading

SOLAR

THERMAL

DEHUMIDIFICATION

PHOTOVOLTAICS
